

Blepharoplasty (Eyelid Surgery)

Now available at Circle Reading Hospital with Miss Heather Baldwin

Expert, personalised eyelid surgery delivered by a Consultant Oculoplastic Surgeon, focused on natural-looking results, safety and excellent patient care.

Meet Your Surgeon

Miss Heather Baldwin is a highly experienced Consultant Oculoplastic Surgeon specialising in functional and cosmetic eyelid procedures. She is known for her calm, patient-centred approach and her commitment to achieving refreshed, natural results.

What Is Blepharoplasty?

Blepharoplasty is a surgical procedure designed to rejuvenate the appearance of the eyelids and, where necessary, improve vision. It may involve the upper eyelids, lower eyelids, or both. Miss Baldwin is currently offering upper eyelids only at the moment

- Drooping or hooded upper eyelids
- Excess skin affecting vision
- A tired or aged appearance around the eyes

Why Choose Miss Heather Baldwin?

- Advanced eyelid and peri-ocular surgery
- Functional and cosmetic blepharoplasty
- Individually tailored treatment plans
- Minimally invasive techniques where appropriate

With specialist oculoplastic training, Miss Baldwin combines aesthetic precision with an in-depth understanding of the delicate anatomy around the eyes.

Your Blepharoplasty Journey

Comprehensive Consultation: A detailed assessment, discussion of your goals, and clear explanation of expected outcomes.

Personalised Treatment Plan: A surgical approach tailored to your anatomy and desired results.

State-of-the-Art Facilities: Treatment at Circle Reading Hospital in a calm, modern clinical environment.

Ongoing Aftercare: Support and guidance throughout your recovery.
